

## TORTURED AND SHOT.

Cruelties to Political Prisoners in San Salvador.

San Salvador, Oct. 15.—Though denied by the Government, a report is current, on what seems the best of authority, that fourteen political prisoners were forced to work on the road near La Libertad, and after being most cruelly treated, and even subjected to tortures to make them confess the names of persons implicated in the conspiracy against the Government, were shot Saturday afternoon.

A number of other prisoners, who protested and made other signs of grief and disapprobation at the fate of their comrades, were cruelly beaten by the soldiers, as a result of which three died. Cases of cruelties to prisoners, often resulting in their death, are daily more frequent. The press insists that the Government order an investigation of these cruelties. The country is flooded with new Ezeta revolutionary proclamations dated Acapulco.

There is not a day without arrests on suspicion of being implicated in some supposed revolutionary conspiracy, and it is even claimed that a plot to assassinate President Gutierrez and a number of his principal adherents has been discovered. Troops are being constantly forwarded to the principal points on the coast. Desertions from the army continue, and yesterday afternoon the guard at the artillery barracks, in this city, to the number of twenty-six, deserted in a body, taking their arms with them, and orders have been issued that deserters from the army are to be shot whenever captured.

President Gutierrez is again reported to be anxious to resign and go abroad, but his partisans, fearing that if he goes, Vice-President Prudencio Alfaro will make all entire change of the Government and place his own partisans (Liberals) into power, oppose this move on the part of Gutierrez. The army is entirely favorable to Alfaro and opposed to Gutierrez. A rumor is now current here that the Conservatives, with Jacinto Castellanos at their head, have proposed a coalition to General Manuel Rivas against Alfaro, offering to place Rivas in power provided he ride them of Alfaro. It is furthermore claimed that the clergy all over the country favor the plans of Castellanos, and have bound themselves to preach to that effect. The reports current here for the last few days that the Liberals had been offered support from Guatemala in case of trouble are officially denied by both parties. The Government claims that the most harmonious feeling now exists between the Governments of the two countries.

It is officially denied that this Government has requested that of Mexico to take any steps against General Antonio Ezeta, who is now at Acapulco. A prominent official here told the correspondent that an emissary of Antonio Ezeta made propositions to the Government here that he (Ezeta) would go to Europe and never trouble the Government if given a sum of money, but that President Gutierrez rejected this proposition with indignation, and told the emissary that he should be glad to see Ezeta invade this country, for an indignant people would soon lynch him. It is also stated that this emissary was ordered to leave the country within forty-eight hours, which he did.

"Just listen to that parrot. Isn't it a shame?"  
"Oh, the bird does not know what it is saying."  
"I know he doesn't. That is where the sorrow of it comes in. Just think of being able to swear like that without appreciating your gift."—Cincinnati Enquirer.

Disease Threatens to Cut Short a Noble Career

But Hood's Sarsaparilla Restores Good Health.

Little May Bentley is an accomplished elocutionist and natural born speaker of only 12 years of age. She is the only child temperance lecturer before the public. Her genius, however, did not exempt her from an attack of a disease of the blood. Her own words best tell the story: "C. I. Hood & Co., Lowell, Mass."

"I heartily join with the many thousands that are recommending Hood's Sarsaparilla. I had been troubled from infancy with gatherings in the head. I was compelled to leave school upon the doctor's advice. He thought it was the only thing to save my life, but I

Continued to Grow Worse.

I was persuaded finally by a friend to try Hood's Sarsaparilla. The use of one bottle acted effectively upon the blood and I began to improve.

After the use of three bottles the gathering ceased and I am cured of my former trouble. I owe my life and will always remain a true friend to Hood's Sarsaparilla." LILLIE MAY BENTLEY, Shelbyville, Indiana. Get HOOD'S.

DESCRIPTION AND TERMS:

CREOLE is the gamest, fastest and best bred stallion that has ever been imported into the Hawaiian Islands. He reduced his record of 2:20 to 2:15 in Petaluma, Cal., August 24, 1894, distancing his whole field in the first heat; then again to 2:15 in Stockton, Cal., September 23, 1894, winning the first heat in 2:15 1/2, fourth heat in 2:15, and fifth heat in 2:19, proving that he is a remarkably game as well as a speedy race horse. (Creole by Prompter out of Grace by Buccaneer show that he is capable of getting a mark of 2:10 and is one of the gamest stallions seen this year, and besides being game, is one of the best formed, and remarkably intelligent. Breeder and Sportsman, Sept. 25, 1894.) He is 15 1/2 hands high and of powerful build throughout. His color is glossy black with one white hind foot. His disposition is all that could be desired, and his action superb. He is a sure foot getter.
